Dear Sirs:

Applicant hereby requests a corrected filing receipt for the present application as the Updated Filing Receipt dated June 25, 2004 (a copy of which is attached hereto as "Exhibit A") does not properly identify the "Domestic Priority data as claimed by applicant." Nor does the filing receipt properly identify the present application as a National Phase application of PCT/US02/22860.

Applicant submits that the Declaration as filed on June 10, 2004 (a copy of which is attached hereto as "Exhibit B") clearly indicates that the present application was previously filed

on July 19, 2002 as PCT/US02/22860, and claims priority to US 60/306,788, which was filed on July 20, 2001. Accordingly, this information should have been indicated in the Updated Filing Receipt mailed June 25, 2004.

In addition, Applicant submits that the present application is a National phase application filed under 37 C.F.R. §371 of International application serial number PCT/US02/22860 as indicated at the time of electronically filing (a copy of the Application Data sheet is attached hereto as "Exhibit C").

In light of the foregoing, Applicant hereby respectfully requests a Corrected Filing Receipt identifying both the claim of priority and identifying the present application as a National Phase application filed under 37 C.F.R. §371.

If any charges or fees must be paid in connection with the following communication, they may be paid out of our Deposit Account No. 50-0545.

Should anything further be required, a telephone call to the undersigned at (312) 226-1818 is respectfully solicited.

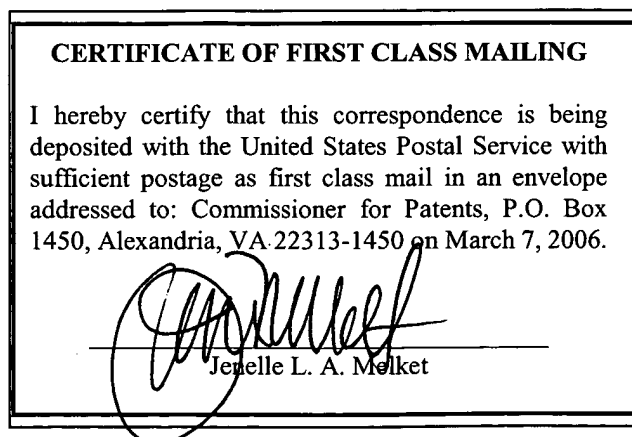

Respectfully submitted,

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it contains a valid OMB control number.
